

PRODUCT CAUTIONS, INGREDIENTS AND DIRECTIONS FOR USE

PRODUCT CAUTIONS FOR USE

As with applying anything new on your skin, you should exercise the following cautions when using this product for the first time. Patch test a small area for allergic reaction before use. If irritation occurs, discontinue use immediately.

- Product is for external use only.
- Do not apply this product to cuts, open wounds or rashes.
- Use this product only as directed. Overuse will not produce better results as CBD has a threshold of effectiveness that is different for everyone.
- Keep out of the reach of children.
- Store in a cool, dry place for most beneficial shelf life.

Product is naturally derived so its color and aroma may seem "off-putting" initially or may change – there is no effect on the product quality or effectiveness based on these occurrences.

DIRECTIONS FOR PRODUCT USE

Topical Use Only.

Use Daily, or as needed for relief.

Every individuals need and tolerance level is different. To find yours, start with a single small application of this product for a day or two, then increase/decrease as needed to reach your optimal level of effectiveness. Unlike many products - "more is not better" with CBD - over dosing can render the product ineffective and no benefit will be derived from this overuse.

A starter dosage would be approximately 2 clicks of the dispenser.
At this usage, there is approximately 36-40 doses in the dispenser at purchase.
Titrate up or down only as needed to get to your effectiveness level.

Follow **Patient Use Instructions** for dispenser usage and apply product liberally to affected area.
